

## Donner Theater Sold; Shattucks Keep Tahoe Show

Neugebauers Will Operate  
Local Theater; Homes  
Are Traded

Sale of the Donner Theater here to Mr. and Mrs. Jack Neugebauer, well known young Truckee couple, was announced this week by Mr. and Mrs. V. C. Shattuck who have operated the theater for more than 22 years.

The new owners have already taken over the business, although the Shattucks plan to remain and assist them until the Neugebauers are thoroughly familiar with all the necessary details.

Neugebauer will retain his post as yardmaster for the Southern Pacific Company here, a position he has held since 1947. Prior to coming to Truckee, the Neugebauers resided at Norden. No change in the policies of the theater nor in the personnel are to be made, the new owner announced.

In the transaction, the Shattucks took over the beautiful new home on the shore of Donner Lake only recently completed by the Neugebauers and the Neugebauers will shortly move into the Shattuck apartment above the theater.

Their friends here will be glad to learn that the Shattucks do not plan to leave the community but will continue to be active in the civic and promotional affairs which they have always supported since first coming here in 1932.

The Shattucks will continue to operate their Tahoe Theater at Kings Beach during the summer seasons.

The Donner Theater has grown from a one-night-a-week show to its present standing as an important attraction in the community under the management of the Shattucks and the new owner says he will continue to work for the advancement of his theater and the area by the presentation of the best available pictures and by maintaining the clean, modern showhouse.

## WYETHIA BIRTHDATE TO BE OBSERVED

The 27th anniversary of the founding of the Wyethia Womens Club will be observed at the meeting to be held Friday evening, May 7th. Mrs. Fred Pedley will preside and a musical program, featuring Carol Wilson and Jerry Quam will highlight the event.

## Girl Scouts Planning For Dance Here Saturday

Girl Scouts of Troop 2 and their escorts will dance in the Wyethia Club edifice on Saturday evening, April 24th.

The party will begin at 7:30 and springlike decorations in green and yellow have been chosen by Cynthia Reynolds and Varian Frey, on the decorating committee. Refreshments will be served by the committee composed of Turanne Kaylor, Carol Patoude and Stephanie Firpo. Mrs. Fred Pedley, the troop leader, will be hostess at the affair.

## Cub Scout Planning Meeting Next Monday

The Cub Scouts planning meeting will be held Monday evening, April 26th, at the home of Mr. and Mrs. Glenn Lee. This will precede the monthly Pack meeting of the boys which will be held Tuesday in the elementary school building.

## ACCUSED TAHOEAN HELD IN WISCONSIN

AUBURN — Sheriff Charles F. Ward has been notified by authorities in Eau Claire, Wis., that Donald W. Wood of Tahoe City is in custody.

Wood is accused of taking \$800 deposited with him as a hotel clerk in Tahoe City. Ward said the Wisconsin authorities are holding him on a felony count and may not be willing to release him to California authorities.

## TWO SENTENCED

Frank Phillips, arrested by Deputy Sheriff Roy Waters and Fred Crowley, cited by the highway patrol, both charged with being drunk, were sentenced to 15 days in jail when they appeared before Judge Fosten Wilson.

## Return from South—

Mr. and Mrs. Stanley Zwarg and Mrs. R. C. Clepper and daughter, Denise, returned from an Easter weekend in southern California.

## Open House—

Mr. and Mrs. William Storkman of Woodland arrived Tuesday to open their house at Donner Lake for the summer.

## In Capital—

Mrs. William Englehart, Jr., and daughter, Gail, returned home after a visit in Sacramento.

## Easter Guests—

Mr. and Mrs. Robert Bowers and daughter, Kristina, of Reno visited Mr. and Mrs. G. Gini on Easter.

## Open House Programs Are Scheduled For Schools Of District

Preparations have been completed in all the schools of the Tahoe Truckee Unified District for the observance of Public Schools Week which starts Monday and runs through Saturday.

E. V. O'Rourke, superintendent of the district, has extended an invitation to the public to attend any or all of the special programs which have been arranged for the week.

The Donner Trail School will hold open house Monday from 7 to 9 P. M.

The Kings Beach School will have its open house Tuesday from 7 to 9 P. M.

Open house at the Tahoe Lake School at Tahoe City will be on Wednesday from 11 A. M. to 2:40 P. M.

At the Truckee Elementary, the open house will continue all week and operate on the regular school schedule. Baby sitters will be available at the school.

The high school will hold open house all day Thursday and classes will continue on schedule. Refreshments will be served in the home-making room from 2 to 2:30 P. M.

Committees from the Masonic Lodge, which sponsors the Week, will be present at all schools at various times during the observance.

The observance gives all parents and others interested to see their schools in action and it is hoped that attendance will be large at all schools.

## STRONG FIELD FOR SILVER BELT RACE AT BOWL SUNDAY

SUGAR BOWL — A strong field is entered in the Twelfth Annual Silver Belt Race scheduled for the Sugar Bowl Sunday.

The entry list in this classic contains such names as Hans Noggler, Jack Reddish, Dick Buek, Jannette Burr, Sally Neidlinger, Jill Kimmont, Dennis Osborn and the Marolt brothers, Max and Keith.

A field of 51 will start down the steep slope of Mt. Lincoln and the starting time has been set for some time between 10 a.m. and noon. Jannette Burr, with two wins already to her credit, is a strong favorite to retire the Silver Belt trophy. This trophy has not been retired in the 12-year history of the race.

## Democrats Still Lead In County Registration

Of the 10,963 registered voters in Nevada County, 821 are from the Truckee district, which has shown a marked gain since the last election.

The tabulation of voters as designated by County Clerk Ralph E. Deeble, shows the following:

Republicans	5172
Democrats	5522
Ind. Progressives	12
Prohibition	4
Non-Partisan	253

## Parcel Post Party Will Be Given By Lodge

The regular meeting of the Naami Rebekah Lodge was held last Wednesday with Leonore Vind presiding.

An invitation to the public has been extended to attend the parcel post party to be held April 28 at 8:30 P. M. at Odd Fellows hall.

Following the meeting Sylvia Beck served refreshments and cut-out Easter bunnies were given all those attending.

## RABLINS HOSTS AT DUAL AFFAIR HERE

Mr. and Mrs. John Rablin entertained during the Easter weekend with a party in honor of the first birthday of their daughter, Nancy, and on Sunday when a family dinner was enjoyed.

Those present Saturday included Mrs. Omar Alexander and daughter Patty; Barbara, Patricia and Stanley Richards of Sacramento, John McGlade, Mrs. Herbert Copeland and Jesse Rablin. Mr. and Mrs. John Rablin of Roseville, paternal grandparents of the young honoree were here for the dual occasion.

## Engle Will Speak At Meeting Here On Highway Plan

District Clubs Will Join In  
Reception For Local  
Legislator

Congressman Clair Engle of Red Bluff, who returned to California last week following a busy session in Washington, has accepted an invitation to address a joint meeting of all service clubs and their guests in this area at the Tahoe Truckee High School on Wednesday, May 5th at 7 P. M.

The meeting is sponsored by the Truckee Lions Club with Charles R. Heller, president and Everett V. O'Rourke heading the committee on arrangements. Clubs here and at Lake Tahoe as well as Loyaltos are being invited to attend the dinner meeting.

The dinner will be served in the high school cafeteria. Engle's administrative assistant, Jack Mattison was here en route to his home and was a Sierra Sun visitor, making plans for the visit of the congressman.

Mattison said that although Engle is a candidate for reelection at the June 8th primary, he will not discuss political issues, but will confine his talk to the work being done toward four-laning Highway 40, which he is promoting in congress and to local water problems, such as the proposed Stampede project and other matters of purely local interest.

## CONTINUED SKIING FOR SCHOOL GETS BOARD APPROVAL

Virtual assurance that the ski program in the Tahoe Truckee Unified School District will be continued under the direct supervision of the school officials was given a large group of parents attending a meeting of the governing board at the high school Tuesday night.

W. A. Loynd, president of the board, announced following the session that the board had decided to continue the program, for the time being at least, since it has been found the parents are anxious to see it included in the physical educational department.

The board tentatively adopted a budget for next year and a date for a public hearing on the matter will be announced at a later date. Other routine matters pertaining to the operation of the various schools were discussed.

## ROTARIANS PLAN TO ATTEND CONCLAVE

Eight members of the Rotary Club of Truckee are making plans to attend the district conference to be held at Sacramento April 25, 26 and 27. They are President Johnny Richards, James Sherritt, Johnny Ciardella, Charles Cross, Jack Wolert, Alvah Hooper, Arthur Couillard and Lee Nesbit.

Gen. William Dean of Korean fame, will be the principal guest speaker.

## Bay Firm Gets Contract For New Local Building

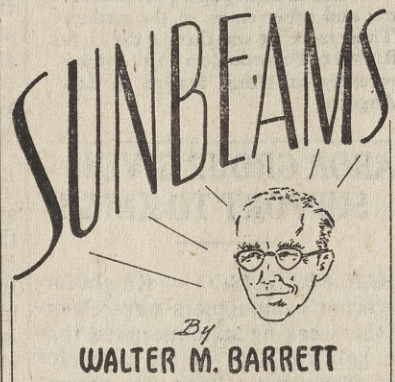

The Armeo Construction firm of Berkeley submitted the winning low bid of \$10,130 for construction of the Nevada County garage building at Truckee at a meeting of the board of supervisors Thursday.

Work is expected to start in the near future. The building will be erected on West River street and will house county equipment.

## WARM WEATHER IS ENJOYED LOCALLY

Continued balmy weather, with the temperatures near the 70 mark, feature the local weather picture. With the exception of drifts on the north sides of the hills, the snow is gone and flowers are beginning to put in an appearance in local gardens and watering of lawns has started.

Temperatures drop to about the freezing mark each morning.

WALTER M. BARRETT

"The Public School—An American Heritage" is the slogan of Public Schools Week to be observed April 26 through May 1. To say that the American Public Schools system is the cornerstone of our democracy is no exaggeration nor is it merely a flag-waving gesture.

Without the schools and, particularly, without the training they provide for the rising generations, our basic freedoms and our whole way of life might well be vulnerable to subversive influences. In the classrooms our children gain a knowledge of, and appreciation for, the American philosophy of government. Along with this they learn to be better citizens through discipline and guidance of teachers and through their association and cooperation with other students.

Better personal habits and improved personal appearance are encouraged in the present day school; thrift is promoted through school savings, and courses in practical living are now equally important to those on academic subjects. We here should be proud of the giant strides we have made in providing one of the best school systems in the state, but that mere provision does not end our responsibilities and we should take Public Schools Week as a time to give serious and constructive thought for the continued progress in our schools.

Only through continued interest can we expect the schools to continue as the cornerstone of our democracy.

## SCOUTS TO LEAVE FOR CAMPOREE SATURDAY MORN'

Scout Master Clarence Osborn of Troop No. 7, Boy Scouts of America of Truckee, will leave from his home Saturday morning at 11 to attend with a group of local boys the annual Camporee to be held eight miles south-west of Grass Valley.

John Street will accompany the group which will remain Saturday and Sunday to take part in the events.

## Nutrition Program For Girl Scouts Continues

The Donner Girl Scout troop continued its study of nutrition at the Tuesday meeting. Accompanied by troop committee member, Mrs. K. W. Faulkner, the girls began with an inspection of Goodfellow's Coffee Shop, where Reg Smart explained state laws governing storage and preparation of food, dishwashing and other measures for protection of the public.

The meeting was continued at the Veterans' Memorial Building with discussion of other phases of nutrition led by Mrs. Oliver Scow and Mrs. Frank Giovannoni, troop leaders. Girls who completed a week of meal planning for their families reported on this project.

## CARS COLLIDE; NO ONE IS INJURED

No one was injured when cars driven by Edwin B. Crandall of Truckee, a University of Nevada student, and Joseph A. Brockman, Sacramento, collided half a mile west of Soda Springs Saturday afternoon at 4:30 o'clock. Crandall was cited by State Patrolman Carroll Maynard for being on the wrong side of the highway, causing the sideswipe collision which damaged both vehicles. The cars had been removed when the officer arrived.

## NEW SIGN

A huge electric sign spelling out the word SHELL in no uncertain terms, has been installed atop Cliff Ellis' Shell Service Station. It is described by its owner as the biggest neon sign in Truckee.

## In City—

Mr. and Mrs. Reg Smart and family spent Easter vacation in San Francisco.

## From Burney—

Mrs. Richard Box of Burney, accompanied by her son, Ray, who returned to school, visited Mr. and Mrs. Don Sites and other local friends here Monday.

## Improving—

Hobart Snider spent several days last week in the Tahoe Forest Hospital and is reported greatly improved in health.

## Fishing Season On Lakes Opens Saturday, May 1

Prospects Are Bright For  
Anglers As Time  
Draws Near

Prospects for the opening of the fishing season on Lake Tahoe, Donner Lake and Boca Reservoir are better than fair this year, according to sportsmen who have been studying local conditions.

The season on these three bodies of water opens Saturday, May 1st. Other lakes and streams in the district will open Saturday, May 29th.

Local sporting goods stores are currently displaying a wide variety of all needed and desired equipment and invite inspection.

Although fish for bait will not be permitted generally this year, Lake Tahoe and Donner are among the exceptions. However, minnows are not permitted on Boca.

The state fish and game division reports that an estimated half-a-million Californians are planning to try their luck in this year's trout fishing season, the first half of which opens May 1st in most of the state.

The department says their luck is bound to be better this year. Water, weather and fish hatcheries have teamed up to provide early season prospects which augur well for many 15-trout limits.

## Boards Near Settlement On Spaulding Question

Harold Berliner, president of the Nevada City Elementary School Board, represented his district at a meeting of the Tahoe Truckee District board here Tuesday night and reported that the two boards are near an agreement on the proposal by the residents of Spaulding area that they annex to the local district. This step is opposed by the Nevada City board which, should the annexation be carried out, would deprive that district of over a third of its taxable assessed value.

A hearing on the annexation has been set for June 1st.

Berliner, also a candidate for the post of district attorney, was here in the interests of his campaign and said he is encouraged by the reception he is receiving.

## Sunshine Girls Prepare To Install New Officers

Donner Council No. 13, Pythian Sunshine Girls met Wednesday in Odd Fellows Hall with Nancy Marquis, royal princess presiding.

Guests were Alice Mayer, Millie Schumacher, Myrtle Harris, Susie Copeland and Charles Heller. Plans were made for installation of the new officers on June 16th. Sharon Pace will be the installing officer, assisted by grand officers to be named later.

The auditing committee will meet at the home of the royal advisor, Mrs. Pearl Heller next Thursday. The committee includes Donna Sonner, Sharon Pace, Janice Gray, Irada Harris and Pearl Heller.

## Truckee Street Gets Spring Cleanup Job

To provide a more attractive appearance along the main street for Easter, a group of Truckee business men arose at the crack of dawn Saturday and spent some time sweeping and tidying up the street before opening their establishments for the day's business.

A truck load of debris and dirt, accumulated during the winter, was hauled away.

Attention was called to the fact that the trash cans, so carefully stored away for the winter are now back in place and everyone is asked to deposit trash in them rather than toss it carelessly upon the sidewalks or streets.

## Softball League Assured As Plans Made For More Local Athletic Events

Daven Morey, president of the Truckee Athletic Club, announced various activities for the organization which will include the formation of an archery division tomorrow evening with Carroll Maynard as instructor. Anyone interested in this sport may contact Maynard for the time and place for the meeting and other particulars.

As a result of Monday's meeting of the TAC, four softball teams are all lined up and ready to start the league. Robert Leamon is chairman of this division of the club and those desiring to enter teams in the competitive league play should contact him.

Another game of competitive interest is the volleyball contest to be held in the Tahoe Truckee High School gymnasium Tuesday evening, April 27th. The Truckee Lions will have as their worthy opponents the Girls' Volley Ball Team.

Mr. and Mrs. Tom Zeme of Reno are planning to be present at the TAC square dancing session Friday evening when the group meets in the Veterans' Memorial Building. The visitors are expert callers and adept in demonstration of the intricate steps.

The community ball park will be cleaned for action Monday at 5 P. M. and all those volunteering to help in the work will be served refreshments.

The next regular meeting of the TAC will be held in the local elementary school building at 7:30 P. M. May 17th.

## DAYLIGHT SAVING TIME ARRIVES IN STATE ON SUNDAY

As spring advances and the sun climbs higher in the heavens, daylight saving again is upon us.

According to California law, the clocks must be set one hour ahead next Sunday, April 25th.

As usual, daylight saving will be greeted with mixed emotions. Most farmers dislike it because it interferes with the normal routine of their operations. Animals can't tell time and dew doesn't dry by the clock, they point out.

However, most city and suburban dwellers will welcome daylight saving. It gives them more time to spend in the sunshine and in their gardens.

Pacific Greyhound Lines' bus schedules will operate on daylight saving time effective Sunday in those areas observing the time change. Glen C. Magnuson, general traffic and sales manager of the company, announced.

The Southern Pacific schedule will remain on standard time.

## Basketball Team Feted At Lake Rotary Meeting

KINGS BEACH — Monday night the Rotary Club of Brockway had as guests at Cal-Vada Lodge, the Varsity and Junior Varsity basketball teams of the Tahoe-Truckee High School and the coach James Brehler. Brehler was the speaker of the evening and told of the good sportsmanship of his boys, the formation of plans for the new football field and schedule of games for next season.

During the evening two educational films were shown by Program Chairman Marion Dodd, one being of the hydrogen bomb tests.

Ten members of the club and their wives plan to attend the Rotary district conference to be held at Sacramento next week.

## Hurt in Accident

Anton Mayer, well known local resident, is recovering from a nose injury and other hurts suffered in an automobile accident near Auburn last week. While details of the accident are lacking, it is understood that the Mayer car was struck by another vehicle which failed to stop at an intersection.

## BABY NAMED

Dr. and Mrs. Oliver Scow, Jr., have named their new daughter, born April 7, Helga Marie. She shares her birth month with her brother, Jan, who will be three tomorrow and Mrs. Scow had a birthdate earlier in the month.

## In Sacramento—

Mrs. N. F. Dolley has been visiting with Mrs. Charles McKeen at Sacramento.

## Tahoma Man Is Burned By Fire In Lake Accident

Improvement Reported As  
Robert Wray Fights  
For Life In Reno

Word from the Washoe Medical Center this morning was to the effect that Robert Wray of Tahoma, critically burned in an accident at Kings Beach last Friday, was showing some improvement, but was still on the critical list.

Robert J. Wray, widely known Tahoma, Lake Tahoe, tree surgeon, is in a very critical condition at the Washoe Medical Center in Reno as the result of an unfortunate accident at Brockway last Friday in which he suffered second, third and fourth degree burns over the larger portion of his body.

Wray was working near the home of John Bosche, an Oakland attorney, on the shore of Lake Tahoe, which is currently undergoing repair preparatory to summer occupancy.

According to best information, Charles Malley, Kings Beach, was installing a new tile floor in one of the rooms when in some manner the fluid material used to cement the tiling caught fire. Malley's clothing became ignited as he attempted to smother the blaze and he went into the open to put out the incipient fire on his garments.

As Malley returned to the house, Wray, attracted by the commotion, followed him. Just as Wray entered the door, the flaming material container apparently exploded and the blazing liquid sprayed Wray from head to foot.

Wray fled the building, followed by Malley and Harry Christensen and the latter two extinguished the flames which enveloped the victim, but not before he was critically burned on the body and face.

Christensen suffered second and third degree burns on his hands and arms in putting out the fire which covered Wray, according to reports of the tragic mishap.

Christensen and Wray were rushed to the Tahoe Forest Hospital by the Tahoe City Fire Department's ambulance, which made a fast run. After receiving first aid treatment, Wray was taken to Reno for specialized treatment and Christensen remained at the local hospital. Dr. Allan Sklar treated both men.

The excellent work of the North Tahoe Fire Control, which rushed to the scene with Curley Mason in charge of the truck assisted by Roy Porath, Shorty Astel, Bill Wiseman and others, was credited with saving the area from a disastrous and costly fire.

Wray is widely and favorably known throughout the district and his many friends are hopeful for complete recovery. Mrs. Wray is staying in Reno to be near her husband.

## MEETING SLATED TO HEAR ARGUMENTS IN PIER FEE DISPUTE

TAHOE CITY — The state lands commission, with offices in Los Angeles, has accepted an invitation of directors of the Lake Tahoe Sierra Chamber of Commerce to come to Tahoe for a special meeting with chamber officials and lake front owners who have piers and other structures extending into the waters of Lake Tahoe on the California side.

The date for the meeting at the suggestion of Rufus Putman, executive secretary of the commission will be May 14th. It will be a luncheon meeting at Cal-Vada Lodge at Crystal Bay.

Some lake front property owners have questioned the right of California to jurisdiction over certain lands beneath the waters of Tahoe and the authority to require permits with fees attached for the maintenance of pipe lines, piers and other structures extending into the lake and onto lands claimed by the state.

Also in question is the established low water level of the lake below which the state owns all land.

## Bicycle Club Will Meet To Name New Officers

The parking lot located back of the downtown business district will be the meeting place Saturday afternoon for the Bicycle Safety Club, sponsored by Mrs. Fred Pedley. The children will elect officers, plan summer activities and will be checked for safe riding practices.

## FIRE DEPARTMENT MAKES STUDY OF NEW AREA AS TRAINING PERIOD ROUTINE

The members of the Truckee Volunteer Fire Department are currently undergoing a 30-day period of training under the direction of Phil Foster and Chief N. F. Dolley. A study of the recently annexed area is being made. All members are asked to meet at the fire station at 6 P. M. Friday and at the same hour each Tuesday evening.

**COSTS POINTED OUT  
IN PLACER CHANGE**

Proposed additions to the En-  
gineering and Administration Staff  
of the Placer County Road De-  
partment will nearly double the  
present payroll, which will in-  
crease from \$22,236 to \$43,644 if  
the new positions are created, the  
April 15th issue of Tax Facts for  
Taxpayers, monthly newsletter of  
the Placer County Taxpayers As-  
sociation, points out.

Total amount allowed in the 1953-  
54 budget for Engineering and Ad-  
ministration salaries and wages  
was \$29,048, which has already  
been exceeded, Tax Facts declares.

Three new positions have already  
been filled on a temporary basis,  
those of draftsman, timekeeper and  
engineering assistant, totaling \$13,-  
020 a year, bringing the payroll to  
\$36,266.

If the resolution is adopted,  
creating these and two more en-  
gineering jobs, those of assistant  
engineer and engineering assistant,

in the first Air Academy class to  
get in touch with him for the pur-  
pose of having their names con-  
sidered for appointment.

In issuing the invitation, the  
Congressman said that the Air  
Force—plans to activate the Air  
Force Academy on a temporary ba-  
sis at an existing Air Force base  
as soon as practicable. Later when  
the permanent site is selected and  
the Academy facilities built, the  
school, of course, will be moved  
to the permanent site. However,  
the first class of 300 cadets will  
be enrolled at the temporary acade-  
my in July of 1955. California  
is allotted fifteen vacancies in the  
first class and each Member of  
Congress from California is author-  
ized to nominate not to exceed  
ten candidates who will be eligible  
to compete for these vacancies. The  
initial appointments will be made  
on the basis of competitive exam-  
ination among the qualified candi-  
dates.

**AFFAIRS OF STATE**

by  
Henry C. MacArthur

SACRAMENTO (CNS)—For quite  
some time, a lot of people in Cali-  
fornia have been under the mis-  
taken impression that the consti-  
tution guarantees the people the  
right to fish in the streams of the  
state.

Some who have gone far afield  
in the search of good fishing wa-  
ter, have wound up in front of  
signs that say "no trespassing," and  
have wondered just how it is, when  
there is a provision in the con-  
stitution that the right to fish  
shall be inviolate, that the pri-  
vate land-owners have the gall to  
keep people out of the fishing  
streams.

But those who are so naive about  
the constitution should read it  
again. It says "the people shall have  
the right to fish upon and from  
the public lands of the state, and  
in the waters thereof, excepting  
upon lands set aside for fish ha-  
cheries, and no land owned by the  
state shall ever be sold or trans-  
ferred without reserving in the  
people the absolute right to fish  
thereupon; and no law shall ever  
be passed within this state for the  
purpose of fishing in any water  
containing fish that have been  
planted therein by the state . . ."

On the face of the constitutional  
provision (Article II, Sec. 25) it is  
reasonably evident that people are  
not permitted to cross private prop-  
erty to get to a fishing stream.

Consequently, the signs the fish-  
ermen may see posted here and  
there, are valid in law, and the  
trespasser is subject to prosecu-  
tion in the event he disregards the  
signs.

This, however, is not the end  
of the matter. The state plants a  
great many fish every year. The  
private property owners, who deny  
the people the right to fish, would  
like to have the state plant fish  
on these streams.

The state fish and game com-  
mission heretofore has planted fish  
on such streams, provided that the  
private property owners permit at  
least one third of their shore-line  
to be open to public fishing.

This practice was challenged,  
and the fish and game commission  
had quite a huddle about it at a  
recent meeting. It seems the at-

**LABOR GROUP GIVES  
SUPPORT TO KNIGHT**

SAN FRANCISCO — Knight-for-  
Governor campaigners were cheer-  
ed this week by announcement that  
the political arm of the powerful  
AFL Teamsters Union has recom-  
mended the election of Goodwin  
Knight.

The Knight endorsement was  
made by the legislative commit-  
tee at an Oakland session and was  
expected to be acted on by the  
Statewide legislative meeting of  
the union in San Francisco.

The Teamster Union numbers  
more than 200,000 members in  
California and is a militant force  
in State affairs.

This endorsement, following  
closely on action by the San Fran-  
cisco Federation of Women's Clubs  
commending Governor Knight for  
his leadership in tightening up the  
liquor and narcotics control laws,  
was hailed by Knight campaigners  
as the forerunner of a landslide of  
similar support.

another \$8,388 will be added to  
the payroll, making the total  
amount paid out in salaries and  
wages in the engineering division  
\$38,644 a year.

In the five-year period 1949-50  
to 1953-54, \$34,448 was spent on  
"outside engineering and drafts-  
men," or an average of \$6,880 a  
year, Tax Facts says. "Compare  
this cost with that of three new  
engineering positions it is proposed  
to add to the present staff, plus  
the salary of the road commis-  
sioner, also an engineer, amounting  
in all to \$20,880 annually. A great  
deal of engineering work will have  
to be done to justify this added  
cost," Tax Facts declares.

The newsletter says that the  
Placer County Taxpayers Associa-  
tion "insists that all the 'in lieu'  
tax money go into the General  
Fund henceforth to help reduce  
the tax-rate, as the Road Fund is  
well supplied with tax money from  
other sources and more comes in  
every year."

torney general ruled that the pol-  
icy of the commission was all out  
of line, and that the commission  
had no right to make such a deal  
with the private land-owners.

Consequently, the fish and game  
commission had to change its pol-  
icy, so now, according to officials  
of the department of fish and  
game, more streams will be closed  
to public fishing because of the  
new policy. For the commission  
cannot, according to the constitu-  
tional provision, plant fish in any  
area that is closed either in whole  
or in part.

Consequently, the department  
expects the private stream owners  
to buy their fish from commercial  
trout farms, plant them, and deny  
the whole part of their streams  
to the public fisherman, instead of

only two thirds, as previously.

The whole trespass law steams  
back some years ago to the desire  
of the late William Randolph  
Hearst to close up certain of his  
properties to public fishing. The  
trespass law was engineered  
through the legislature by Hearst  
lobbyists, and it never has been  
repealed. The law gave private  
property owners the right to deny  
the public the privilege of even  
walking up a stream bed to fish.

Consequently, according to the  
provisions of the constitution,  
owners can close lands which have  
never been public lands to fishing,  
and the people who want to fish  
on a stream are just out of luck, if  
it is posted.

ARE YOU A SUNSCRIBER?

From where I sit ... by Joe Marsh

**So They Stopped  
Baiting Each Other**

If you want to hear a real  
hassle, listen to Cob James and  
Whitey Baker on trout fishing  
sometime. You'd think it was  
more important than anything.

Cob favors dry flies. Whitey  
pooh-poohs anything but wet  
flies. Cob swears by a Fan-Wing  
Royal Coachman; Whitey won't  
hear of anything but Silver Doc-  
tor. And so it goes—they can't  
even get together on steel rods  
versus bamboo rods.

But on Saturday, each got back  
from Fox Creek with a catch that  
couldn't have differed by more

than a couple of ounces! Then  
over a friendly glass of beer, they  
allowed as how maybe they were  
both right . . . which is how so  
many arguments should end.

From where I sit, life would be  
a whole lot pleasanter if we all  
respected one another's opinions  
— whether about trout flies, or  
having a glass of beer, or voting.  
After all, a person has a right to  
follow his own line of thinking.

Joe Marsh

# Tahoe Items

by Jeannette Mitchell

Howdy, friends and neighbors: I hope you all had a very beautiful Easter. From all reports since my return home, I hear that there was ideal weather and from my personal standpoint, I am glad that I belong to the Lake Tahoe Chamber of Commerce—very thankful after a week spent below in the vicinity of Los Angeles.

Son, Dale, Mrs. H. L. Youman, Mrs. Myrtle Rose, Mrs. Louise Geier and yours truly drove to that

vicinity at the beginning of the Easter vacation. We enjoyed the trip through the desert on Route 395, viewing the spectacular show of the myriad of desert blooms and were privileged to take in the antics of the blue grouse up some 7000 feet by the side of the road. It was really worth our stop-over.

Mrs. Rose was left off at San Bernardino where she visited her home and friends. Mrs. Geier had a lovely full week with her daughter and son-in-law and granddaughter at Arcadia, while Mrs. Youman and Dale and I enjoyed the companionship of my aunt and uncle at Alhambra. One day was spent viewing the development of 29 Palms where the heat of summer has really started. The huge marine corps base has already started and the town is growing along with it. Was sure glad to see blue sky again. You know, they hardly know what blue is around the big city—hear tell they must go 4000 feet high to get out of the smog. That's 2000 feet higher than Altadena!

On our trip home we enjoyed a few hours watching the filming of Hajja Baba. Our sympathies were with the company of the Wanger Studios as we watched the memote under a broiling sun wit heavy costumes. By nightfall, we stopped and turned our headlights full on a herd of some 75 deer that could be seen. And so home.

I came home to company. Mr. and Mrs. Bob Lewis and son Jimmy of Novato, Marin County. The Lewises had just returned from

Death Valley and like the rest of us, mighty glad to see our sparkling Tahoe, with the snow practically skiddoo.

A recent visitor at the home of the Charles Warners was Franklin T. Warner, grandson of Charles. He will be remembered as Dinny to his former classmates at the Tahoe Lake school which he attended while living with the Warners. He is now living at Reno, having returned from Japan where he was a member of the 289th Army Band in 1941-42.

A beautiful card from Fern Schleuter who was vacationing at the time in Yosemite. She expects to be home to start opening up her cabins very soon.

Saw smoke coming from the Mortimers at Tahoe Park so our girl, Zella is home. Will get time to see her soon, I hope.

Was greatly grieved to hear the sad news about our friend Bob Wray who has received a very bad burn upon his body and face. Bob is at the Washoe hospital and Mrs. Wray is with friends in Reno. Della and Sam Goss will be leaving for the valley again for a few days.

Mrs. Gladys Anderson is back from her flying trip to the east to visit with a sick relative. Her grandmother accompanied her on the trip.

Our little friends, the Donald Humphries are back though he had to return to the southland for a few more weeks of employment. Good to have them back.

Well folks, sure good to get to

# TAHOE NEWS

Truman Sunkel has returned to Tahama following several months in the bay district. During that time he made several trips up to look after his property.

Mr. and Mrs. George Kehlet are again at their Meeks Bay Resort coming from Palm Springs where they spent the winter months. They are making repairs and improvement in preparation for another busy season at the Lake.

Mrs. Evelyn Bliss wrote from Oakland that she plans to return to her home at Tahoe City this week.

Mr. and Mrs. Fred A. Kilner are leaving South Laguna and expect to be back at Tahoe City by May 1.

Mr. and Mrs. Fred Barton, formerly of Kings Beach, who recently sold their property there, are now located at Yuba City.

## Katherine Thalberg Is Married To Ski Champ

TAHOE CITY—Katherine Thalberg, 18, daughter of Norma Shearer and the late Irving Thalberg, was married to a former Olympic skier in Reno Thursday, it has been disclosed here.

The young couple currently is honeymooning at Squaw Valley. The bridegroom is Jack Reddish, 27, a former University of Utah student and member of the 1948 and 1952 American Olympic ski team.

Miss Shearer and her husband, Martin Arrouge, are also staying at the ski lodge.

Reddish is a ski instructor at Sun Valley, Idaho.

## Above-Normal Spring Temperature at Tahoe

TAHOE CITY—Continued over-normal temperatures have completely wiped out the patchy snow in this area and a summer-like atmosphere predominates.

The lake level stands at 6227.96 feet Monday with only one gate open.

The temperature during the past week ranged from a low of 30 on Sunday and Monday mornings to a high of 69 on Sunday.

digging and I do mean digging in terra firma. Lots of garden work facing me, so ring long and loud if you want me.

Bye for this week, Jeannette Mitchell.

# NORTH TAHOE

By JUDGE HARRY CHARRISON

Lucien T. Poindexter was arrested in Kings Beach by Constable Richard Lavery and taken into the Tahoe Judicial Court on a charge of indecent exposure. At the arraignment. The suspect entered a plea of guilty and was sent to the Placer County jail for a term of 30 days by Judge Harry Charrison.

Was happy to see the Leonard Chandas up from southern California over the Easter holidays. Leonard is presently attending UCLA but they have been making their home at Gardena, way out West Los Angeles way. The family which includes Lennie and Nancy, will be back at Kings Beach for the summer months.

I find it took me a whole week to find out that Mrs. Julius Gold had broken her foot. It seems, according to Julius, himself, that he neglected to do the Sir Walter Raleigh act and did not lay his coat for Neva to step on. As a result she stumbled over a bad piece of curb in Reno with the disastrous effect of breaking her foot. It will be some weeks before the cast can be removed, but here's hoping for the best, Neva. Get well quick as summer is coming.

Arnold W. Miedema, our good friend, was in the Tahoe Forest Hospital for a thorough checkup during the week. Sure hope it turns out to be nothing at all.

George Sherman and family are up from Beverly Hills at the home purchased in Carnelian Bay. They will return later to spend the summer. Sherman is a movie director and like many other visitors, fell in love with the lake and we are happy to welcome the family to our community.

A well attended pot luck lunch took place at the auditorium of the Wee Kirk 'o the Pines at Kings Beach on Good Friday. A business meeting was presided over by Dr. Dillon Throckmorton, superintendent of the California-Nevada M. E. Churches. Officers were elected for the coming year. After Communion services were held. The meeting brought forth the fact that the Community Church here is making great strides in the community and our new pastor, Rev. Covher, was given credit for this.

Had a line from Bob Murray of Tahoe Estates, Tahoe Vista. Bob and Mrs. Murray have been staying at his home in Merced all winter.

ter, but hoped to be back at the lake about May 15th. He said to say hello to his many friends and like all others enjoys the Sierra Sun.

Loma Sorensen of Tahoe Vista during the past week had a most enjoyable trip to Portland, Oregon and was very much interested in Reed College which she inspected pretty thoroughly. Loma arrived home in time to spend Easter with her folks.

We hear that Tony Gallerani has brought his mother, Mary Gallerani up and that she already has opened her home at Crystal Bay.

The Harvey Martins have Harvey's mother staying with them at least for the Easter holidays.

And once again Dianna Abbott has been spending quite a vacation with her grandmother at Bakersfield. Jackie Abbott also went for a visit someplace, but where the little rascal went, I couldn't learn.

Mr. and Mrs. E. F. LaMontagne of Carnelian Bay were visitors for the Easter holidays. They say they will be up pretty soon for the summer.

Sam Faulkner, plumbing contractor, informs me that apartments and work shop have been placed for the Lloyd's Neon Sign sales and service over the display shop of the plumbing establishment.

Well, it would seem that a record was set on Easter Sunday for attendance at the services at the Wee Kirk 'o the Pines, held at the Brockway Theater in Kings Beach. No less than 30 attended. After we feasted our eyes on the pretty Easter bonnets and colorful dresses, a very impressive service was led by the pastor, Rev. A. B. Covher who presented a remarkable sermon appropriate to Easter and the Resurrection. There was a choir of 14 members who sang delightfully at intervals throughout the service. The Lord's Prayer was sung by Harry Charrison and Because of Him, by Rev. Covher. Mrs. Covher and Clara Van Hooser accompanied at the piano. A Sunday school program followed at which Mrs. Judy was in charge of those wonderful young folks all dressed in their Easter finery. The young ones taking part were Phil Thompson, Wayne Mandeville, Susan Graton, Raymond Hill, Susan Lucas, Greg Tompkins, Barbara Croxen, Karen Critchley, Larry Free, Ellen Rich, Francis Howard, Valerie Mandeville, Cathy Graton, Linda Critchley, Sherry Critchley, Vicki Rich, Kink McPherson, Gary Wing, Kris Felte, Richard Parr, Joan Decker, Pat Dacus, Kenny Bailey, David Decker and Grad Thompson. Rev. Covher wishes to thank all those who attended and those working behind the scenes who included Mrs. Mary Abbott, and Mrs. Kay Campbell and thanks to the Lucases for the loan of the theater.

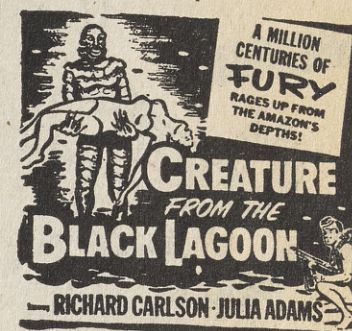

Among the weekend visitors here were Russell and Mrs. Farley from Sacramento, Supervisor and Mrs. Frank Paoli and Bill Scott, chief

of police at Auburn. Things are really beginning to hum in this area now and everyone wants to know when the golf course is going to open.

### TAHOE BOY STAR AS DISNEY RACE HELD ON SUMMIT

SUGAR BOWL — Jimmy Heuga, the Lake Tahoe Ski Club's pint sized ski speed wizard, had a spectacular competitive weekend, blazing to victory in the Walt Disney trophy race for 10 year olds and scoring fourth in the combined of the Sugar Bowl junior championships.

Timed in 20.1 seconds for a graceful run in Sunday's Disney event, Jimmy was awarded a water color of Mickey Mouse autographed by the movie animator.

But for the costly slip in the downhill, Jimmy might also have swept the junior championships.

### MAYORS OF STATE BACK KNIGHT FOR GOVERNOR RACE

The mayors of three of California's great cities—San Francisco, Oakland, Los Angeles—as well as those of 75 other cities and towns in all parts of the state, announced today their unified support of Governor Goodwin J. Knight in his campaign for election to a full four-year term as governor.

Organization of a "Nonpartisan Committee of Mayors for Governor Knight" was announced, with San Francisco's Mayor Elmer E. Robinson and Oakland's Mayor Clifford E. Rishell as cochairmen. They announced plans to enlist scores of other mayors in various sections as members of their committee for Knight. Mayor Norris Poulson of Los Angeles, already has come out for Governor Knight.

Mayor Robinson, in endorsing Governor Knight's candidacy, issued

for youngsters up to 15. He was 5th in the speed event, then won the slalom and scored fourth in the combined.

The Alpine championship for the junior boys went to Doug Gayner of Sacramento who carried colors of the Redhornet Ski Club in a downhill win and slalom fourth.

Snow and weather conditions were perfect.

In the Disney race for 7 and under Greg Moore of Tahoe came in first; Larry Winn of Donner was second and Candy Board and Bunny Board of Sugar Bowl were in fourth and fifth place respectively.

In the boys' junior championships, Ronnie Raw of Soda Springs was second, Rex Donaldson of the Tahoe Ski Club third and Jim Huega, fourth, Bob Amundson, Tahoe, fifth; Kit Schull, Soda Springs, 5th; Craig Pingree, Tahoe, seventh; Jim McIntosh, Sugar Bowl, ninth.

### Snow Survey Shows Spotty Conditions In East Sierra Region

RENO—Results of the April 1st federal-state cooperative snow survey showed Nevada's 1954 water outlook is spotty, ranging from poor in the north to good in the south.

The rosiest outlook was in southern Nevada where snow packs held from 75 to 150 per cent of normal water content. In the north, however, the water content ranged from 20 to 75 per cent of normal.

In western Nevada, the outlook was fairly bright. High elevation snow packs ranged from 80 per cent to 95 per cent of normal, while those at lower elevations ranged from 75 to 80 per cent of normal.

Lake Tahoe water storage for the April-July water storage season was forecast at 210,000 acre feet, 75 per cent of normal.

The Truckee River flow at Farad, corrected for Boca Reservoir and Lake Tahoe storage, was forecast at 210,000 acre feet for the April-July season, 75 per cent of normal. The survey predicted the rise of Lake Tahoe would be 1.1 feet above the April 1st elevation of 6227.86 feet.

Assuming that the outlet gates are kept closed, this would boost the lake elevation to 6228.96 feet, while 6229.1 is the maximum allowable.

### Defendant Wins Suit In Donner Accident

AUBURN — A Superior Court jury returned a verdict favoring Robert Pixius in the \$150,000 damage action against him for injuries Nick and Catherine Carr stated they suffered in an automobile accident near Donner Summit in December, 1951.

The Carrs were the original defendants in the action and filed a cross complaint. Pixius, his wife, Charlotte and passenger, Albertine Moreau, withdrew their complaint at the start of the trial after a settlement had been made.

The case then proceeded with the Carrs as plaintiffs and Pixius as defendant. The jury deliberated only 45 minutes after the three-day trial.

ed this statement:

"Governor Knight stands head and shoulders above the field in stature and experience. Every official of city government is familiar with Governor Knight's expressed philosophy that 'wherever possible, governmental programs should be administered on the local level.' That's the philosophy required to insure the vital, friendly cooperation between local and state governments necessary to keep our great state functioning at its best."

### SPEED ARRESTS IN STATE LEAD OTHERS

SACRAMENTO — If you get a traffic ticket, it's one-out-of-three it'll be for speeding.

In a survey just completed by the California Highway Patrol 33.7 per cent of all traffic citations written by the patrol were shown to be issued for driving too fast for existing conditions.

"Need of this type of enforcement is emphasized by the fact that 34.8 percent of all accidents in unincorporated areas of the state were caused by excessive speed and reckless driving," Patrol Commissioner B. R. Caldwell pointed out.

"Because speed is by far the greatest cause of accidents, we are directing a proportionate share of enforcement attention to this dangerous driving practice."

## TAHOE FOREST ACTIVITIES

**WILDLIFE MANAGEMENT**  
 The management of the Wildlife Activity on the National Forests is an important and busy one. Perhaps more people visit and enjoy this resource than any other forest activity other than scenery. The forest has lots to offer to the fisherman and the hunter and over a hundred thousand visitors come each year to enjoy this boundless

resource. It is well to point out that the public lands are open to everyone; there are no "No Trespass" signs and no charge is made by the forest for this use. In summary, our resources consist of 400 lakes, 1550 miles of fishing streams, a deer population of 35,000, a relatively large bear population, good mountain quail, and other wild game.

Close cooperation and working relationship is maintained with the State of California Department of Fish and Game, and with the U. S. Wildlife Service. We lend assistance to the fish planting projects of the state, and cooperate in the study of deer herds and wildlife habitat. Forest Officers are Deputy Game Wardens and take an active part in the enforcement of state laws governing the regulation and harvesting of wild game.

### University Fish Study

A very interesting and extensive study of fishlife is being carried on by the University of California in the Sagehen Creek area, eastern Nevada county. The University has made extensive improvements on Forest Service lands and is utilizing the natural conditions of Sagehen Creek as a laboratory. The study is concerned with natural stream feed and the exploration of the possibility of practical methods being developed to improve the feed conditions which,

in turn, will increase fishlife. This project is under the direction of Dr. Paul R. Needham, Professor of Zoology, University of California. The study work is carried on mainly by graduate students, some of whom live in the study area the year around.

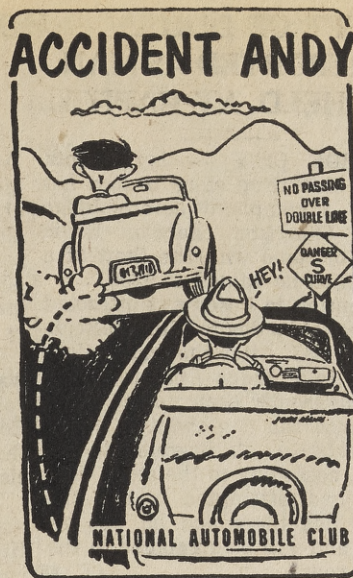

### Thumbnail Sketches

The Foresthill Ranger District lies between the Middle and North Forks of the American River. The west boundary is roughly a north-south line running through Foresthill north to Giant Gap. The east boundary is a series of ridge tops about 6 miles west of Lake Tahoe. Glen Sindel is the District Ranger in charge. He is a professional forester, receiving his training at the University of California, graduating with the class of 1936. He has seen service on the Sequoia, Cleveland and Angeles forests prior to his present assignment in 1948.

In charge of Fire Control, construction and maintenance and general assistant is Wm. Nichols, also a veteran of 20 years service. Bill began his career at Truckee in 1931. He served in several CCC camps as Forest Service foreman and acting Superintendent during that program. His present assignment was made in 1942. District Clerk-Dispatcher is Luther Marsh, a forester from the University of California, graduating in 1952.

Project Sales Officer is Ted Nelson, who received his basic forestry education at the Lassen Junior College. He previously was assigned to the Supervisor's Office as a check scaler and at Sierraville as a Timber Sale Officer. He was assigned to his present position in 1953.

Scalers are Don McCluskey and George McCluskey — no relations; Both graduated from the University of California as forestry ma-

## NEW DESIGN, SIZE WILL FEATURE CAR PLATES FOR 1956

California vehicle license plates to be issued for 1956 will be new in size and design and will carry a new numbering system.

Governor Goodwin J. Knight has signed Senate Bill 33 which authorizes the change in dimensions of license plates. The bill was introduced in the special session of the legislature by Senator Dale C. Williams, Alturas.

Paul Mason, director of motor vehicles, said today in Sacramento that the dimensions of the 1956 plates provided by the new law, 6 inches in width and 12 inches in length, are those recommended by the Automobile Manufacturer's Association and the American Association of Motor Vehicle Administrators. "These groups have long urged that license plates of a standardized size be adopted by all states. National acceptance of the standard will permit the manufacturers to introduce a variety of improved mountings, and to develop designs which will afford maximum visibility for the plates. The recommended use would commence January 1, 1956. As it is necessary to begin manufacture of 1956 plates for the California vehicles immediately, the legislation enabling this state to conform to the nation-wide plan was of an emergency character."

The motor vehicles director said the new design and numbering for the 1956 plates are the result of studies by the department of motor vehicles and the department of California highway patrol. "The re-designed plates will feature black letters and numerals on a white background, a contrast offering better visibility than the present plates," he said.

A numbering system consisting of three letters followed by three numerals has been adopted for the '56 plates. Combinations will range from AAA001 to ZZZ999. "Series based on this system can provide over 12,000,000 combinations which will be needed to furnish numbers for the original 1956 issue of plates, and later replacements and additions during the five year period of use," Mason said. "The system has been reviewed by the University of California. Certain combinations have been eliminated as not easily legible or otherwise unsuitable."

Mason pointed out that the 1951 plates, currently in use, will be retained until 1956, and will be renewed for 1955 by attachment of a single tab to the rear plate, as was done this year.

San Francisco's Foreign Trade Zone No. 3 is one of five in the United States.

Humboldt county had 1899 farms in 1950 according to the Census of Agriculture of that year.

Camp Superintendent is Clinton Tripp, a forester from the University of Maine. He started his career with the Tahoe in 1951 immediately after his graduation from school.

## TAHOE NEWS

Mr. and Mrs. Clarence Beavers who have been spending the winter at Reno, are greeting their friends at Tahoe City.

Eleanor (Swanee) Swanson has written from Berkeley that she expects to return to Tahoe City the first part of May after spending

two weeks with her family at Reno. Swanee says that it will be good to get back and smell the pine aroma again.

Mr. and Mrs. C. J. Knowles, formerly of Donner Lake, have written from San Jacinto that they have purchased a lake resort at Panquitch, Utah, including fishing and hunting rights on their 105 acres of land.

## THEFT OF DOG IS REPORTED AS MAN HELD AT CAPITAL

TAHOE CITY — Jay Shontz, Tahoe City drug store owner, has signed a complaint before Judge Harry Charrison charging Eddie Posey of Reno with the theft of a dog which he valued at \$300.

Attention to Posey was attracted after he sold a dog to William Becholt for \$35. After the transaction, Shontz told Judge Charrison, the man apparently came to his home and lured the dog away. A check with relatives in Sacramento revealed, according to the story, that Posey had attempted to sell the Shontz dog there and he was arrested and will be arraigned in the Tahoe court.

Authorities believe the dog that was purchased by Becholt had been previously purchased from the pound at Reno by the suspect.

## VERNON SPEAKER AT LOCAL SESSION

C. W. Vernon, president of the Tahoe City Public Utility District and a director of the Lake Tahoe-Sierra Chamber of Commerce, gave an informative talk before a meeting of the Truckee Chamber of Commerce Tuesday night on the proposed government project to cut a deep and lengthy channel on the Truckee River just below the gates at Lake Tahoe.

The speaker is well versed in the subject and pointed out the potential harmful results which might be expected from the standpoint of the sportsman and home and business owners. Because of other local meetings, the chamber session was not largely attended but those present expressed appreciation for Vernon's enlightening talk.

Howard Newsham presided at the meeting held at Brown's Cafe.

## Successful Easter Egg Hunt For Lake Children

KINGS BEACH — The Easter egg hunt given by the Rotary Club of Brockway and the free show given by Tom Lucas of the Brockway Theater Saturday afternoon for the children of this area was a huge success.

About 100 children, ranging in age from preschool to high school participated. They were divided in to groups according to age and the prizes went to the following:

Preschool: Peter Powell and Cathy Campbell; Kindergarten and first grade: Vickie Russell and Clifford Mason; 2nd and 3rd grades: Jimmy Randall and Susie Lucas; 4th, 5th and 6th grades: Steve Randall, Carol Bailey and Phyllis Chatwin; 7th, 8th and high school: Elaine Noel and Dave Ashton.

## DENVER GROUP TO OPPOSE HIGHWAY 40

DENVER — Members of the Denver chapter of the Colorado Motor Court association have launched a counter-move against the 49'ers association of Reno who are seeking to move the U.S. Highway 40 designation to U.S. 30 which runs through Wyoming and by-passes Colorado.

The Denver motemen agreed to wage a battle to have the main route from Denver to the West Coast run to Salt Lake City and then via U.S. 6 and 50 to San Francisco, by-passing Reno.

They also will propose an alternative trans-continental route via Highway 91 which would also by-pass Reno.

Ralph Hinkson, president of the Denver group, charged that "Reno is trying to steal the lifeblood of Colorado."

Dr. Nelson Here — Lt. L. D. Nelson of San Lorenzo, currently stationed in the navy, was a business visitor here last weekend.

## NEVADA JUDGE IS SPEAKER AT MEET

The Truckee Rotary Club held a joint meeting with the Lions Club at Donner Lake Lodge. Because of previously arranged plans, members of the 20-30 Club, also invited, were unable to attend.

The meeting was successful and the highlight of the evening was a talk given by Charles Merrill, Jr., justice of the Nevada Supreme Court, who discussed, amusingly, the fight waged by the Territory of Nevada to put this part of California into Nevada. Up until two years ago Nevada had not given up the fight and every year they passed a resolution to be sent to the California legislature asking that this area be returned to the State of Nevada.

Johnny Ciardella arranged the program which was enjoyed by all. Among the guests of the Lions Club was Jack Stewart and the Rotary Club had as guests Francis Robichaud, Tom Bonano and R. L. Harris all of Truckee.

ARE YOU A SUNSCRIBER?

## Speed in Resident Areas Rapped By Insurance Man

Hazardous high speed driving in residential districts is causing an alarming number of automobile accidents and injuries to children, according to Victor Montgomery, Sr., president of Western Insurance Information Service.

Traffic enforcement officers by necessity direct most of their attention to heavily travelled arteries, making it difficult to devote proper time for supervision on residential streets.

IT'S WISE TO ADVERTISE!

Mrs. Osburn Feted — Mrs. Charles Osburn was feted at a family party on her birthdate April 15th.
